

NAIS – the largest exhibition in Russia and CIS, dedicated to the achievements in the development of civil aviation infrastructure: modernization of airports, airfields, heliports; management and maintenance of the aircraft fleet; personnel training for aviation industry.

NAIS is traditionally supported by aviation authorities. Russian Government plans to increase the number of airports from **315 in 2015 to 357 by 2020**

NAIS – a unique opportunity to present your products and technologies to senior management and specialists of airports and airlines, and establish business relationships.

FORUM NAIS – a professional platform of dialogue between official representatives of aviation authorities, senior management of airlines and airports, media, business and aviation community, as well as investment institutions.

NAIS key exhibitors
