

# ROLLING CONTAINER

**Your benefit =**  
**- More security for goods at risk from theft (lockable)!**  
**- Storing space during trade fair!**

Trade fair – rolling containers by T-LINK – the optimal packaging solutions for trade fairs!  
 (Rent or Buy)

We offer you lockable trade fair-rolling containers at **reasonable** rental fees **in line with market prices**. Protection of your valuable goods against theft and damage, easy handling (without additional tools) and low packaging costs – these are only few of the advantages of our trade fair rolling containers. We provide the entire logistics management for international trade fairs: delivery of the empty rolling container to the indicated place of loading, transport to the fair, provision of the entire handling (customs clearance, delivery to the booth, empties storage etc.) and further respectively return transport to the indicated final destination – **all from one source!**

We rent the following types of rolling containers (approximate dimensions):

#### Aluminium rolling container, **Type 1:**

Inside dimensions	227 x 108 x 165 cm
Outside dimensions	235 x 116 x 193 cm
Net weight	362 kg
max. loading	600 kg
Loading	from two front sides

#### Aluminium rolling container, **Type 2:**

Inside dimensions	246 x 100 x 168 cm
Outside dimensions	257 x 107 x 211 cm
Net weight	440 kg
max. loading	1'200 kg
Loading	from above and from one frontside

**Note:**  
**The rolling container can be easily „coated“ and thus serve as lockable storage space on site.**

Please get in touch with our trade fair team for professional and qualified support – whether for shipment by sea, air or rail freight.
